What we do

Since its beginning over 90 years ago, the American Foreign Service Protective Association (AFSPA) has offered life insurance to its members, federal employees supporting the Foreign Service.

Over 75 years ago, AFSPA expanded its portfolio by providing the **Foreign Service Benefit Plan (FSBP)** - comprehensive, high-option health coverage available stateside and overseas.

Nearly 50 years later, in response to the unique needs of the Foreign Service community, AFSPA developed its Ancillary Insurance Programs (AIP). These services provide additional benefits such

as domestic and overseas dental care, disability insurance, and overseas medical insurance for members of household who are not covered by the Federal Employee Health Benefits Program (FEHBP).

All FEHBP eligible federal executive branch employees who advance the nation's foreign and intelligence affairs are eligible to join AFSPA and enjoy **FSBP** and certain AIP benefits whether they serve at home or abroad. In fact, 60% of our members enjoy our excellent benefits in the U.S.

Become a member

Membership in the American Foreign Service Protective Association (AFSPA) is free. You pay no dues or membership fees (only for the services you choose to enroll in) and membership is for life.

AFSPA membership entitles you to enroll in or apply for **FSBP** and AIP insurance and services.

Get rewarded for healthy behavior

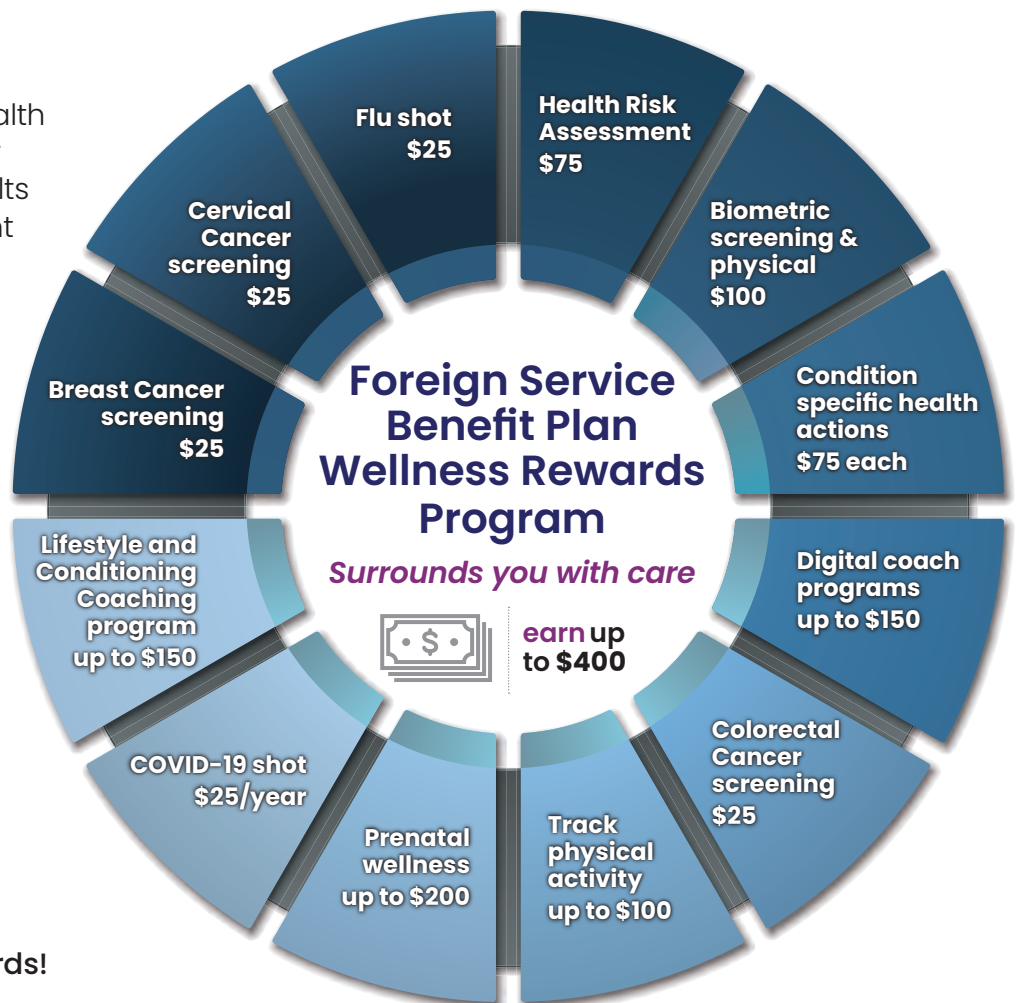

Earn **up to \$400** in wellness rewards by participating in any combination of wellness activities or healthy actions.

Here's how it works:

Earn \$75 for a Health Risk Assessment (HRA). An HRA is a health questionnaire that evaluates your health and quality of life. The results provide a snapshot of your current health status and help identify personal health goals.

Earn \$100 when you pass a biometric screening and physical exam. A biometric screening assesses your overall health and measures physical attributes – blood pressure, glucose levels, cholesterol levels, height, weight, body mass index, and aerobic fitness. These standard exams can identify potential health risks and underlying medical issues.

Earn up to an additional \$225 by completing healthy actions listed to the right.
